

# Divine Mandate

To love the Lord means to love His word, work, and worth. To love the Lord means to love what He loves and hate what He hates. To love the Lord means to love the people who love the Lord and to hate the acts and ways of life of those who hate the Lord. To love the Lord means to do what He would have done if He was to be in the situation you find yourself. To love the Lord means to long to be in their presence as permitted.

The manifestation of your divine mandate to the fullest is the advancement of God's plan, program, and eternal will on earth, the reason for the contention and battle that surrounds your being and doings. In as much as our mandate remains key to the cause of Christ and the will of the Father, the eruption of rage from hell through her customized agents on earth against the Lord and His anointed (you) will not cease nor wind. However, you must reckon in your mind and Spirit that nothing made by God can neither defeat Him nor His will. *Romans 8:31*

You must understand that **to successfully execute and complete your divine mandate in the midst of wolves of this world, there must be a covering of grace and power that backs you uninterruptedly.** That uninterrupted coverings and backings of grace and power is guaranteed by your secured connection to the source of your mandate. You cannot be nonchalant, cold, unconcerned, and numbed in this terrible terrain with so much to fight for and defend. You must be spiritually hot, mentally savvy, practically holy, and financially secure to fully fight on all fronts in defense and execution of God's mandate in your life. You must cook your mandate in explosive prayer and fasting for manifestation.

## The Anointed

When you are anointed for the throne, lions cannot tear you to death before your time, bears cannot beat you to death before your time, the giants cannot grind you into powder before your time, kings cannot kill you before your time, the enemies meant to frighten you will be afraid of you because the anointing upon you is God upon you and with you and if God is for us then who can be against us.

**PROPHETIC RELEASE:** *I prophesy over your life this day that you will be preserved by the anointing of the Holy One to fulfill your destiny without fail, fall and fault in the name of the LORD JESUS CHRIST. Amen.*

## What Makes a Ministry or Calling False?

When the purpose for which the ministry or calling was given is abused because of self and greed, it becomes false. When the driving motive behind the ministry or calling is corrupted by personal gain thereby perverting it from its original intent and purpose, it becomes false. The introduction of self into the operation of the ministry or calling jeopardizes the countless lives of people who by destiny are connected to it. Their salvation and deliverance are sacrificed on the altar of greed and gain for the sole satisfaction of one person.

**The church is not a five-star hotel to entertain sinners and make them feel good about their sinful depraved nature but it is God's special oven prepared by the fire of His Word to transform and conform the sinner into the image of His dear Son.** The temperature within is Word-Conditioned and regulated by The Spirit of God and not the feelings of the preacher. The **baker is God Almighty** and the attendants are the ministers of the gospel. The world is the awaiting customer who wants to have a taste of heaven on earth in order to make a decision. The transformed sinner is the bread to be tasted by the world. **Will you disappoint?**

God is searching for a generation of men who will carry fire and power, full of faith and boldness to conquer the unconquerable, break the unbreakable, and defend the truth at large. Keep on seeking the face of the Lord and the God of all grace shall raise you as an end-time soldier who will break the bounds of religiosity, hypocrisy, lukewarmness, faithlessness, and powerlessness in our churches, enter into territories of the enemy and rescue captives and the perishing and raise the banner of Salvation, Holiness, Faith and Fire back into the world. It was seekers of God that turned their world upside down. If this generation can do such and more before the great and terrible day of the Lord, we have to rise from slumbering and sleeping and Seek God for there our strength of touching and turning our world upside down lies. May you avail yourself of the move of God.
