

God's Curriculum and Program

Moses spent 40 years in Egypt being trained as a prince because as Providence will have it he would have to deal with the powers that be in Egypt enroot to the total liberalization of the nation Israel. He further spent another 40 years in the wilderness after his exile from Egypt, which trained him to nurture a fragile and immature nation in a challenging environment, not knowing that in these two 40 years apiece experience in varying and contrasting settings and backgrounds he had fully fulfilled and completed God's curriculum for his designated mandate.

God's curriculum and program for your life's mandate and mission might be intricately contradictory and complicated. However, that may not explicitly express the gravity and magnitude of your future in the final analysis of your destiny. Moses began in the palace but he ended in the wilderness; however, David began in the wilderness but ended in the palace. Are you surprised? Never be! Because God's definitive plan for your destiny is in perfect harmony and alignment with His Sovereign eternal will meaning it will all work for your good and His glory. The game changer in this intricately woven dichotomy of complexities of life is the unalloyed submission and commitment to God and His inerrant word which is the express revealer of His holy and perfect will for man. In that realm of submission and commitment, the Spirit of God is at liberty, without any restraint or constraint, to lead and order your steps and actions to the glorious manifestation of the will of God for your life.

This is what the author captured in Proverbs 4:18 *“But the path of the just is as the shining light, that shineth more and more unto the perfect day.”* It takes just to fully submit and commit to the will of God. It is the Spirit that fully and perfectly controls and regulates our every step and action in conformity to the precepts and lines of God in the actualization of His will for our lives. The Spirit's leadership does not absorb us from our individual responsibilities in making the right and proper decisions with their accompanying actions but in divine partnership, the Spirit aligns our decisions and actions to the lines of God.

Therefore, the author affirms this very truth in *Psalms 37:23* *“The steps of a good man are ordered by the LORD: and he delighted in his way.”* The good man is the just man - the man who is fully committed and has submitted to the revealed will of God. The Apostle Paul, therefore, sums up all these enigmatic effusions of mine into this one but weighty Apostolic statement which brings finality to this matter in Romans 8:28 *“And we know that all things work together for good to them that love God, to them who are the called according to his purpose.”*
